School Packages allow schools to meet their mandates on Internet Safety, Drug Abuse Prevention, Truancy and more. In addition, JJO **provides education for students parents and faculty.**

Restoring Justice to Our Youth, One Great Kid At a Time!

Law Enforcement, School Officials and Parents are overwhelmed with the ever-changing technology Children are using and the activities they find them involved in. Some of which can even be illegal. Juvenile Justice Online can help you navigate into their online lives and guide them to make smart choices!

Did you know that underage children who are **"Sexting"** are getting **arrested and charged with crimes** such as manufacturing of Child Pornography ...having to **register as a sex offender**?

Juvenile Justice Online is here to change that,

let us show you how!

Juvenile Justice Online provides two services:

1. Unparalleled Education and training

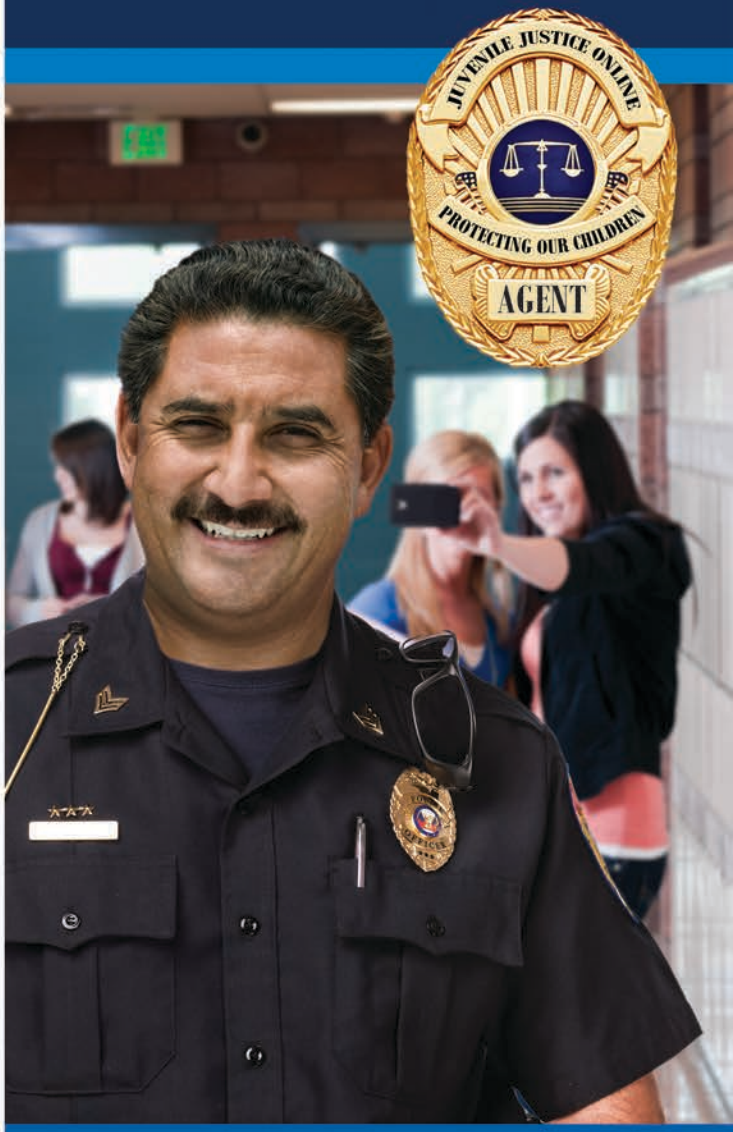
Provides online education to Law Enforcement, School Administrators, Teachers, Parents and Students. This cutting edge training was developed by experts in Juvenile education and reform. Examples are Sexting, Cyber-Bullying, Vaping, Drugs, Truancy, Underage Alcohol use and more. The training is role based and appropriate for each group. i.e. Law Enforcement gets training on how to investigate using the latest police high tech methods.

2. Alternative to Arrest/Expulsion through Restorative Justice

A powerful, comprehensive, Online Diversion Program by which the Diversion Agent (Law Enforcement/ Probation/School Administrator) can administrate a timed set of consequences that the child must satisfy in lieu of Arrest, Suspension or School Expulsion.

Implement the revolutionary tool utilized by Police Departments and Schools Districts nationwide.

Juvenile Justice Online



Law Enforcement and School Administrator Diversion Program

JuvenileJusticeOnline.org

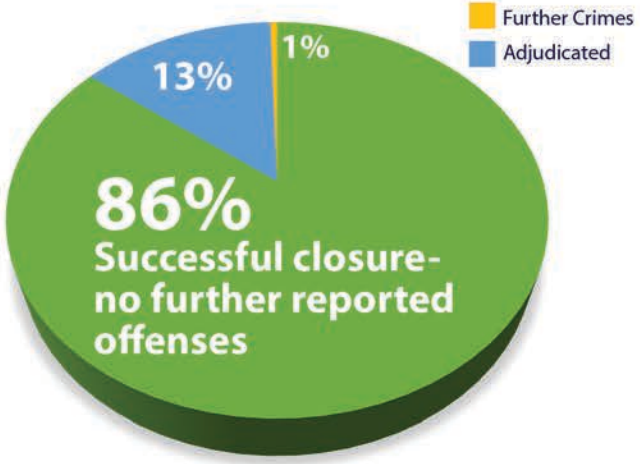
Juvenile Justice Online (JJO) is an online program for Law Enforcement, Probation and School Administrators to implement and manage Juvenile Diversions. This first of its kind approach to positive juvenile reform provides cutting edge investigative methods for Juvenile Cyber Crimes, and resources and education for traditional juvenile offenses of all kinds. When encountering juvenile offenders, you can now provide an alternative to adjudication suspension, or expulsion. On the system your role is called a "Diversion Agent".

How JJO Works:

You will sit down with the parents and the child offender and give them a choice to adjudicate or go through JJO a "Diversion Program". As a Law Enforcement Officer you can use JJO for free or select the licensing option for your school or LEO agency.

JJO provides training utilizing aspects of restorative justice and education. The program trains Law Enforcement, Guardian Ad Litem and School Administrators to identify and investigate cyber crimes, and provides alternatives to arrest through education and behavior modification to help "divert" our children to a better path.

What does the Juvenile Justice Online data tell us about recidivism?



We invite you to join more than 6,000 JJO Agents and be successful with us!

Juvenile Justice Online is a Diversion Program for Truancy, Sexting, Cyber-Bullying, Vaping and much more, as an alternative to suspension, arrest, court and adjudication. The SRO does not have to send their juvenile to another agency. They are in full control from start to finish and can adjust the diversion as they wish when assigned tasks are completed.

The system provides you with two main functions:

1. An **Online Learning Management System** for you to receive training/webinars from the experts in several fields. The training will be specific for your role as a Law Enforcement Officer, Probation Officer, School Resource Officer, or School Administrator.

Examples:

- How to use the Juvenile Justice Online System
- How to use Diversions as an alternative to Adjudication
- Patrol Officer response to Internet Crime
- Truancy Education
- Sexting Investigations
- Investigating Bullying
- Social Media/Mobile Applications Investigations

2. The **Case Management Tool** provides a fully customizable diversion system to administer and track Juvenile "Diversions" for juvenile offenses of any kind.

"JJO has developed a common sense approach to solving a problem that is consistently evolving and changing"

-Oak Prairie IL Junior High

We can now offer our parents "If your child has violated our code of conduct and made a mistake they may do an online diversion to educate themselves and if completed successfully, they may stay in school" -Intrinsic Schools Chicago

"Because of the success of our three school test we are looking to expand our Diversion Program to include all the high schools and junior high schools in our city."

-Surprise AZ Police Dept.
