Train the Trainer FTO/Supervisor Training on The Patrol Response to Internet Crime

Time Allotted: 3 Days
Target Group: Field Training Officers (FTO), Patrol Sergeants, Front Line Prosecutors
Instructor: Detective Richard Wistocki (Ret.) Naperville Police Department
Method of Inst: Computer Lab and Class Room

Instructional Goal:
The decisions made by the first responder can either make or break a sometimes sensitive internet investigation. This 24-hour "Train the Trainer" program will address the FTO/supervision of a patrol response which is crucial in the handling of complaints and investigations related to internet based crimes, i.e. Fraud, Sexting, Cyberbullying, Sex Predators, Stalking, Revenge Porn, Computer Tampering This course equips law enforcement supervisors and Field Training Officers (FTO) with the knowledge and leadership skills to oversee patrol officers handling internet-related crimes. It covers digital evidence, investigative oversight, policy enforcement, inter agency collaboration, liability concerns, and legal precedents.

The attending Officer/Official will need the following items to attend the class:
1. Laptop Computer (Please open the laptop a day before, start it and go on the internet with it so it can update if needed)
2. Be Able to access your WORK email remotely from your laptop computer.
3. Be able to download Snag it on a free trial https://www.techsmith.com/download/snagit
4. Be able to download the Scarch.org Investigative tool bar:
http://www.search.org/resourccs/search-investigative-and-forensic-toolbar
5. Download a Word program to create and view subpoenas and search warrants

Instructional Objectives:
Upon completion of the training exercises, participants will:
- Obtain the basic overview of Social Media Investigations and Various email services,
- Departmental policies on handling internet crime
- Assessing first responders' actions at digital crime scenes
- Ensuring proper identification, documentation, and securing of digital evidence
- Real-time supervisory decision-making during online threat responses
- Supervisor accountability in compliance and documentation
- The importance of the types of Forensic Examinations
- Working with federal/state cybercrime units
- Search & Seizure of Digital Evidence
- Chain of Custody & Digital Evidence Integrity
